

Outlining API Drilling and Production Operations Standards

Charlie Truby
Chair, Drilling and Production Operations Subcommittee
BSEE Workshop

November 2012

DPOS Standards

- Currently 48 Documents
 - 17 currently under revision
 - Currently 6 new documents drafted from scratch
- 21 Documents requiring a Standards action in 2012
 - 4 Documents will be voted on to obtain a 2 year extension
- 4 documents requiring a Standards action in 2013

Standards

- RP 2D
- RP 14C
- RP/Standard 53
- RP 64
- RP/Standard 65-1
- RP 90-1
- RP 92U
- RP 96
- API/IADC BUL 97

RP 2D

Operation and Maintenance of Offshore Cranes

Chair Joe Sologub, Marathon

- 6th Edition Published in May 2007
- Vote for 2 year extension soon
- Under revision
- Last workgroup meeting was held on October 18th
- The workgroup is continuing its work on the draft with the goal of issuing the first ballot in 2013.
- The next meeting will be a virtual meeting January 15, 2013

RP 14C

Analysis, Design, Installation, and Testing of Basic Surface Safety Systems for Offshore Production Platforms

Chair, Joe Pitman, Chevron

- 7th Edition published March 2001, reaffirmed March 2007
- Vote for 2 year extension soon
- Under revision
- Last workgroup meeting was October 16-17
- The workgroup is continuing its work on the draft with the goal of issuing the first ballot in the 2nd quarter of 2013
- The next meeting will be November 26-27

RP/Standard 53

Blowout Prevention Equipment Systems for Drilling Wells **Chair, Frank Gallander, Chevron**

- 3rd Edition Published in March 1997, reaffirmed in September 2004
- 2 year extension granted in 2010
- 4th Edition will be updated to a Standard
- 3 ballots, consensus reached, document with API for final editing and publication by the end of the month
- Removed diverter information and well control procedures from 4th Edition, highlighted changes needed for revision of SC16 Specs and RP64

RP 64

Diverter Systems Equipment and Operations **Chair, Tony Hogg, Pacific Drilling**

- 2nd Edition published November 2001
- Reaffirmed January 2012
- Under revision, kick off meeting held November 8
- Next meeting December 20
- Will discuss any changes related to Diverter Systems in Standard 53 that should be addressed in this revision
- 3rd edition will be updated to a Standard

RP/Standard 65-1

Cementing Shallow Water Flow Zones in Deep Water Wells

Chair, David Stiles, ExxonMobil

- 1st Edition published September 2002
- Reaffirmed January 2012
- Under revision
- Last workgroup meeting was in April
- The document is being updated to incorporate new technologies and changes in industry deepwater drilling practices
- 2nd edition will be updated to a Standard
- Goal of issuing the first ballot Q2 2013

RP 90-1

Annular Casing Pressure Management for Offshore Wells **Chair, Les Skinner, Retired**

- 1st Edition published August 2006
- Reaffirmed January 2012
- Under revision
- Last workgroup meeting was September 20
- The workgroup is continuing its work on the draft and updating the risk management section
- The next meeting will be 1st quarter 2013

RP 92U

Underbalanced Drilling Operations

Chair, David Pavel, Weatherford

- 1st Edition published November 2008
- Under Revision
- Kickoff meeting will be scheduled soon
- The workgroup will include members of the IADC UBO/MPD committee

RP96

Deepwater Well Design and Construction

Chair, John Peters, Chevron

- Kickoff meeting was held June 2010
- 1st Ballot issued for consensus April 7, 2011
- Comment period closed May 31, 2011, ballot passed, 1000+ Comments were received
- 2nd ballot issued October 19, 2011
- Comment period closed November 18, 2011, 400+ Comments were received. Negative vote resolved
- Final draft re-circulated for comments July 22, 2012, comments due August 10
- Document is with API for final editing and publication by the end of the year

API/IADC Bul. 97

Well Construction Interface Document Guidelines (WCID)

Chair, John Peters, Chevron

- Kickoff meeting held July 7, 2010
- 1st ballot issued for consensus August 19, 2011
- Comment period closed October 3, 2011, ballot passed, 15 affirmative votes / 4 negative votes, 300+ comments
- New draft circulated, last meeting October 30, 2012
- Changes being incorporated, 2nd ballot will be issued
