Dear Mr. Province:

We have completed our review of the Unit Agreement (UA), Unit Operating Agreement (UOA), and initial Plan of Unit Operations (PUO) submitted by Eni on December 20, 2016 to support formation of the Harrison Bay Block 6423 Unit. Eni has addressed our comments (conveyed via letter dated January 31, 2017) on the UA. Therefore in accordance with 30 CFR 250.1303(c), the UA is approved. The initial PUO (revised version submitted February 24, 2017) is also approved, with an expiration date of December 19, 2017. Please file an updated plan of operations with this office at least 60 days prior to expiration of the initial PUO.

We had also issued comments on the UOA in our January 31, 2017 letter to Eni. We consider those comments to have been advisory in nature since, in accordance with 30 CFR 250.1301(e), no approval of the UOA is needed for this unit.

This unit document approval letter completes formation of the Harrison Bay Block 6423 Unit, which is comprised of Outer Continental Shelf Leases Y-1703, Y-1704, Y-1705, Y-1751, Y-1752, Y-1753, Y-1754, Y-1756, Y-1757, Y-1771, Y-1772, Y-1779, and Y-1780. This unit has an effective date of February 24, 2017.
