

## Civil Penalties Program

The goal of the BSEE OCS Civil Penalties Program is to assure safe and clean operations on the OCS. Through the pursuit, assessment, and collection of civil penalties and referrals for the consideration of criminal penalties, the program is designed to encourage compliance with OCS statutes and regulations.

### Civil Penalties Summary:

Penalties Paid for FY2025

Completed on March 25, 2026

(10/1/2024-9/30/2025)

| Operator Name and Case #                    | Violation and Date(s)  | Penalty Paid & Date Paid              | Regulation(s) Violated 30 CFR   |
|---|--|---------------------------------------|---|
| Chevron U.S.A. Inc.<br>P-2024-001           | Multiple violations involving an incident with injury occurred during conductor removal and decommissioning operations on the platform.<br><br>June 18, 2023   | \$142,497.00<br><br>March 18, 2025    | G-112<br><br>30 CFR 250.107<br><br>G-115<br><br>30 CFR 250.1725<br><br>I-190<br><br>30 CFR 250.108(f) |
| EC Offshore Properties, Inc.<br>G-2024-012  | The operator failed to plug an open-ended 1 13/16-inch outlet of a wellhead casing valve during a zinc bromide brine pumping operation, which resulted in the discharge of approximately 79 barrels of zinc bromide into the OCS waters.<br>May 25, 2023 | \$104,998.00<br><br>November 21, 2024 | E-100<br><br>30 CFR 250.300 (a)<br><br>G-110<br><br>30 CFR 250.107                                    |
| Sanare Energy Partner, LLC<br>G-2024-018    | During a BSEE Inspection, multiple areas of corrosion / open holes were discovered.<br><br>July 27, 2023   | \$27,176.00<br><br>May 30, 2025       | G-111<br><br>30 CFR 250.107   |
| Guardian Decommissioning Inc.<br>G-2024-019 | During decommissioning operations, Operator failed to follow appropriate Standard Operating Procedures when securing a pack off assembly, which resulted in a lifting incident involving dropping the assembly into the well bore.<br><br>July 21, 2023  | \$33,912.00<br><br>August 7, 2025     | G-110<br><br>30 CFR 250.107   |
| W&T Offshore, Inc.<br>G-2024-027            | Failure to operate in a safe and workmanlike manner when conduction cleaning operations of the heater treater vessel, resulting in injury.<br><br>September 4, 2023  | \$54,352.00<br><br>February 5, 2025   | G-110<br><br>30 CFR 250.107   |
| Apache Corporation<br>G-2024-042            | During decommissioning operations, Operator failed to operate in a safe an workmanlike manner while conducting lifting operations during 5-7 ft sea conditions, which resulted in a lifting incident involving injury.<br>August 10, 2023                | \$47,499.00<br><br>December 17, 2024  | G-110<br><br>30 CFR 250.107   |

|  |  |                                   |                         |
|--|--|-----------------------------------|-------------------------|
| Apache Corporation<br>G-2024-050         | Operator failed to perform operations in a safe and workmanlike manner, due to Crane safety devices that were not adequately tested with the auxiliary line anti-two block was discovered against crane tip during operations.<br>January 11, 2024   | \$27,176.00<br>December 18, 2024  | G-110<br>30 CFR 250.107 |
| GoMex Energy Offshore Ltd.<br>G-2024-052 | Operator failed to perform all operations in a safe and workmanlike manner during wireline operations by placing ignition sources within Class 1, Division 2 areas as follows: 1) operating generator within ten feet of the mud tanks classified area; 2) wireline powerpack within ten feet of the mud tank and the production gas scrubbers (MBF 2300) classified areas; and 3) wireline unit within the MBF 2300;s and the production compressors (Compressor 1) classified areas.<br>April 23, 2024 | \$54,352.00<br>April 7, 2025      | G-110<br>30 CFR 250.107 |
| Apache Corporation<br>G-2024-058         | Operator failed to perform all operations in a safe and workmanlike manner for using a crane to pull casing on Well. The crane was over pulled multiple times, and the wrong load chart was used during the lift.<br>December 31, 2023   | \$33,912.00<br>January 29, 2025   | G-110<br>30 CFR 250.107 |
| Shell Offshore Inc.<br>G-2024-114        | Operator failed to perform all operations in a safe and workmanlike manner during lifting operations while move a welding machine, which resulted in an injury.<br>January 24, 2023  | \$47,176.00<br>February 24, 2025  | G-110<br>30 CFR 250.107 |
| Apache Corporation<br>G-2024-116         | Operator failed to perform all operations in a safe and workmanlike manner while removing a needle valve from platform piping under pressure during construction activities, resulting in injury.<br>July 3, 2023  | \$54,352.00<br>August 14, 2025    | G-110<br>30 CFR 250.107 |
| Shell Offshore Inc.<br>G-2024-122        | Operator failed to provide for the safety of all personnel and take all necessary precautions to remove safety hazards during drilling activities which resulted in an incident involving injury.<br>December 8, 2023  | \$54,352.00<br>March 24, 2025     | G-112<br>30 CFR 250.107 |
| Apache Corporation<br>G-2024-123         | Operator failed to perform all operations in a safe and workmanlike manner while conducting temporary abandonment operations involving an incident with the Power Tong Assembly.<br>October 11, 2023   | \$33,912.00<br>September 29, 2025 | G-110<br>30 CFR 250.107 |

|  |  |                                       |                             |
|--|--|---------------------------------------|-----------------------------|
| Apache Corporation<br>G-2025-001             | Operator failed to perform all operations in a safe and workmanlike manner during installation operations of a new load line winch on the platform crane, resulting in an incident involving injury.<br><br>August 15, 2023  | \$54,352.00<br><br>August 14, 2025    | G-110<br><br>30 CFR 250.107 |
| Anadarko Petroleum Corporation<br>G-2025-002 | Operator failed to perform all operations in a safe and workmanlike manner during lifting operations while finishing pulling riser, which resulted in the failure of the lifting eye causing an incident of property damage.<br><br>December 4, 2023                                     | \$33,912.00<br><br>September 25, 2025 | G-110<br><br>30 CFR 250.107 |
| W&T Offshore, Inc.<br>G-2025-003             | Operator failed to perform a crane pre-use inspection prior to lifting operations, which resulted in a crane incident occurred that resulted in damage to the crane's boom and gantry.<br><br>September 16, 2024   | \$47,499.00<br><br>September 4, 2025  | I-143<br><br>30 CFR 250.108 |
| Arena Offshore, LP<br>G-2025-004             | Operator failed to maintain all equipment in a safe condition, when BSEE observed severe corrosion posing a threat to personnel boarding the facility and a marine debris hazard.<br>July 28, 2022   | \$33,912.00<br><br>July 25, 2025      | G-111<br><br>30 CFR 250.107 |
| Shell Offshore Inc.<br>G-2025-006            | Operator failed to perform all operations in a safe and workmanlike manner during lifting operations with the Crane two-blocking emergency system was not enabled and found in the override position causing an incident resulting in property damage to the crane.<br><br>June 26, 2023 | \$43,912.00<br><br>May 27, 2025       | G-110<br><br>30 CFR 250.107 |
| Eni US Operating CO, Inc.<br>G-2025-007      | Operator failed to perform all operations in a safe and workmanlike manner during drilling operations in which BSEE Observed three people without adequate fall protection working around an open hole.<br><br>April 20, 2023  | \$54,352.00<br><br>August 19, 2025    | G-110<br><br>30 CFR 250.107 |
| LLOG Exploration, LLC<br>G-2025-014          | Operator failed to perform all operations in a safe and workmanlike manner during drilling operations, resulting in an incident involving injury and multiple safe-zone incursion with moving equipment.<br>October 12, 2024   | \$50,216.00<br><br>September 9, 2025  | G-110<br><br>30 CFR 250.107 |

**20 cases were closed during FY2025 with payments totaling \$1,033,821.00**
